EDUCATION

ARTCENTER COLLEGE OF DESIGN

Bachelors of Science in Transportation Design

Mar 2018 - Dec 2022

Development of conceptual mobility through mixed media and digital visual communication, 3D and clay modeling, rapid prototyping, and business strategy proposal.

EXPERIENCE

BMW DESIGNWORKS (Los Angeles)

Automotive Advanced Design Intern

Sep 2021 - Mar 2022

Participated in global advanced design and production projects for BMW, MINI, and Designworks consultancy clients.

HONDA R&D AMERICAS (Torrance)

Collaborative Project Intern

Jun 2021 - Sep 2021

Designed and developed a 12 week VR project with direct mentorship from Randall Smock, Senior Exterior Designer for Honda & Acura; followed by a presentation of final project to group of Honda R&D Design Directors and participation as guest panelist in Gravity Sketch's "Around" 2021 live web conference.

THE CARLAB

Automotive Analytics Intern

Dec 2019 - Mar 2020

Participated in product planning for major automotive OEMs such as Honda, Toyota/Lexus, and Subaru. Basic functions included conducting consumer clinics, field research, future segment research, and presentation of analytical data reports.

LKQ CORP.

Inventory / Quality Control

Mar 2009 - Feb 2015

Conducted vehicle recycled parts appraisal, concept vehicle dismantle and disposal, inventory of parts, and quality control.
